A GROWING NEWSPAPER IN A GROWING COMMUNITY

Volume 53, Number 24 — CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA — Thursday, March 4, 1948

Our Town

By Peggy Blanchard

Orchards in the Campbell area are budding today, with promise of full bloom in a matter of hours.

Hopscotch chalkings on our sidewalk are another sign of spring, if one is needed.

* * *

Campbell edged into third place among Valley communities whose individual gifts are fast completing the O'Connor building campaign.

Your gift can be addressed to the Building Fund Campaign at O'Connor Hospital or handed to Joseph V. Gomes or any of his committee in the Campbell field.

* * *

Another Campbell landmark bites the dust today as riveters operate on the face of the Bank of Campbell Building.

Vacant these many years, the building will soon be occupied by Jeffers' Men's Wear Shop. Deep display windows will replace the high arched windows that have marked the corner of Campbell and Central avenues.

* * *

Twenty-five tons of used paper is quite a mountain of it, taken last week to Campbell Grammar School.

Mrs. J. R. Longfellow and Frances Clever promise full details on the PTA's waste paper drive that wound up Saturday.

Meanwhile, the news is that Miss Jeanne Kamrar's third-graders claimed first prize in their division for turning in the most and Miss LaVern Fuller's second grade room was runner-up.

Upper-grade prizes went to Miss Harriet Johnston's fifth and sixth grades and to Miss Thelma Wathan's seventh graders.

To inveterate newspaper readers the paper pick-up was a God-send—we were up to our chins in paper.

* * *

Industries look to Valley ranchers to reduce their use of electricity and water. And, ruefully, local orchardists return the 'look' in the hopes that manufacturers and other commercial users will understand that local crops are dependent on more, rather than less, irrigation during the water shortage.

Boys, boys, this is no time to start a town and country argument.

No two ways about it, everybody hereabouts must save every bit of water possible or bathtubs will become museum pieces.

Local Woman Takes Own Life

Despondency over a prolonged illness was given as the cause of suicide Wednesday of Mrs. Martha Borg of 360 Downing avenue, Campbell.

While family members sat in the house unaware of the tragedy, Mrs. Borg hanged herself from the ceiling of an automobile parked at the rear of her home, using a red cloth belt as a noose.

She left the house at 6:45 p.m. Wednesday and was discovered by her husband, Kaleb Borg, 40 minutes later. Borg and a son, Kaleb W. Borg rushed Mrs. Borg to County Hospital where she was pronounced dead.

Funeral services will be held at 2:30 p.m. Saturday in Rutherford Funeral Home with Elder C. E. Smith of San Jose officiating.

The deceased woman is survived by Mr. Borg, two sons, Kaleb and Paul L. Borg, and Mrs. Eva Bevans.

Campbell Water Company Asks Permission For Raise

Rates Unchanged Since 1921 Operating and Maintenance Cost Doubled

After 28 years of operating on the same established water rates, the Campbell Water Company has been forced to appeal to the Public Utilities Commission of the state for permission to slightly increase their rates for water service to the people of Campbell and vicinity. Present rates were established by the commission in 1921, and throughout all these years have remained unchanged.

The request for the increase was filed with the commission March 1, only after every avenue of avoiding the request had been exhausted. According to Homer Hyde, business manager of the utility, labor and material costs for the installation of new lines, pumps, tanks, etc., and maintenance on existing equipment, have risen from two to four times their 1921 level.

Mr. Hyde further says, "We are convinced that the proposed increased rates are fair and reasonable, and in line with rates currently charged by other water utilities serving suburban areas in the San Francisco Bay area. More than two-thirds of the company's consumers have five-eighths inch meter connections and use more than 400 cubic feet of water per month, and the company estimates that the new rates, if authorized, will increase the monthly bills of these consumers only by the following amounts:

Five cents for those using be-

(Continued on Page 8)

Winners in Paper Pick-up Named

Because they collected 1000 or more pounds of paper apiece in a pick-up just completed by Campbell Grammar School Parent-Teachers Association, 10 pupils will be given special awards.

Prize winners are: Harley Gardner, third grade; Michael Baxter, Floyd Smith and Gilbert Wright, fifth grade; Philip Binley, Edward Merrill, Bruce Gussman, Jim Brand and Gary Lukehart, sixth grade, and Marlene Cline, seventh grade.

Prizes were also given second, third, fifth and sixth grade rooms as units.

Shaves & Company Find Smelt Run

Don't take our word for it, but according to piscatorial artists, Merle and Tom Shaves, Joe Furtado and Murray Martin, the smelt will be running along Pacific beaches tonight and tomorrow nights.

This fishy story comes direct from the horses mouth . . .the boys claim to have taken a gunnysack full of the toothsome victuals last Wednesday evening and are planning a return engagement to the surf on Friday night.

Red Cross Drive Launched Monday By Local Branch

Campbell branch of San Jose Chapter, American Red Cross, has its annual fund campaign workers in the field, with every indication of success, it was announced yesterday by Fred E. Jones, drive chairman.

The campaign committee was given instructions and working kits were distributed at a kick-off meeting held last Thursday night in Campbell Union High School.

Mrs. Clarence Fagalde, branch chairman, is also co-chairman of the campaign. The Campbell area goal is $2500, the same as a year

(Continued on Page 8)

Clear Site for Light Industry Plant Here

Clearing of a site on Railway avenue for a new Oakland Stove Company plant here was begun Monday.

Construction of a garage and maintenance building on the premises is completed and bulldozers were preparing to remove trees and to level the ground for construction of the main building.

Parts assembly and distribution of completed stoves will be carried on in the Campbell factory, it is understood. Stove company officials could not be reached for comment this morning.

Name Contest Closes Tuesday

The "Get Acquainted" contest sponsored by the Winchester-Campbell Merchants will close Tuesday, March 9, at which time a meeting will be held for the selection of the winner of the $50 merchandise bond.

Suggestions for a name of the "Corners" are pouring into the local Winchester-Campbell Merchants and from all indications it will be difficult for the judges to pick a winner.

The $50 merchandise bond may be redeemed at any one of the stores in this district. It will not be necessary for the winner to spend all of it at one store nor at one time.

There are no strings nor obligations attached to this contest, but it is just a simple means of becoming better acquainted with your Winchester-Campbell merchants.

Entry blanks are available at any of the stores sponsoring this contest. Remember, the contest closes Tuesday, March 9, so get your suggestion in today.

Sorry, Junior

In the mad scramble following Old Settlers' Day, we at the Press office were found guilty of dereliction of duty in not reporting on many of the more unusual facets of the day.

One of the more interesting things we neglected to comment on was the Whiskereno contest held during the dance at the High School gym. Junior Wirth took home the trophy with a bushy black beard that won the admiration of the judges. Prize was a novel figurine about 10 inches in height, of a grizzled prospector. The trophy is on display at the Campbell Press office, along with numerous pictures taken during the event.

Charter Movement Underway: Campbell Must Be Represented

A movement originated in Santa Clara County a few weeks ago towards the establishment of a County charter is rapidly gaining momentum. This county, one of the few large areas of Northern California operating without the benefits of the Charter system, has been granted the right by the County Broad of Supervisors to place on the June election ballot the names of 15 freeholders who will write the new charter.

Aim of the measure is to streamline our county government, and assist all county officials in simplifying the duties of their respective offices. The purpose, in short, is to place a degree of management into the running of such a big business as a county. By the very election of such freeholders, who shall write the county charter, a step forward will have been taken by the citizens of this county. Eternal vigilance in civic and governmental affairs is ever the pass-word to a forward thinking community. It is not amiss that we call to the attention of our people in the Campbell vicinity the news of what is going on around them.

Too often we cannot see the tree for the woods. Pardon the simile, but in these times of undue stress and strain, the average citizen may not have the stamina left at the end of his day to delve into just what is going on around him politically and economically. For that reason, we try to bring to you the facts that are imparted to us as a newspaper.

From the inception of the Citizens Charter Movement for the County of Santa Clara, it has been our privilege to sit in on their meetings, attend their dinners and generally to join in the discussions of the merits or demerits of the plan. All phases of the idea of a county charter have been thoroughly gone over, in pro and con Out of it all has come the decision of a solid and representative group of Santa Clara County citizens that the plan has enough merit to be advanced to the electorate.

KIRKWOOD, CHAIRMAN

An executive committee, composed of the following recognized leaders in the community has been named: Dudley Dorman, San Jose; Fred Fredrickson, San Jose; Walter Jones, San Jose; Mrs. Frank Jopson, San Jose; Robert C. Kirkwood, Saratoga, state assemblyman, and Mrs. Frank Tantau, Cupertino. Mr. Kirkwood was unanimously elected chairman of the group and has been a leading figure in lending his efforts to the fulfilment of the plan.

The nominating committee, of whom some 40 have been named from their various parts of the county, will convene at an early date to discuss their choices of the 15 freeholders. One of the few districts in the county who have not as yet been represented on the nominating committee is this, the Campbell area. First steps, however, have been taken to name a committee. The Campbell Chamber of Commerce, represented by Harry D. Blanchard, and the Campbell Union Grammar School District, represented by William Henley, have been asked by the executive committee to suggest names for the nominating committee. Those chosen to select the Freeholders have a very simple duty to perform. All they are asked to do is to name, after consultation with the principals, the ones who are eligible and willing to represent their communities in the county as Freeholders.

A Freeholder is simply, one who has an interest in real property, which interest is either an estate of inheritance or an estate for life. In other words, a freeholder is one who is the owner of real property, the extent of his interest therein being an estate in fee or an estate for life. They must have been qualified electors of the county for at least five years prior to the time of their election.

CAMPBELL NOT YET REPRESENTED

Time is short on the matter of selecting a committee to suggest names for freeholders from this district. It is imperative that some four or five public-spirited citizens come forth now and signify themselves willing to perform this simple office. Mr. Henley or Mr. Blanchard will supply the directions and details if any are needed. Otherwise, Mr. John Mersereau, care of Citizens Charter Movement Committee, Room F, Civic Auditorium, San Jose, will accept the names of those wishing to serve from the Campbell area.

O'Connor Building Fund Nears Million Dollar Mark

Volunteer Workers Have Assured Success Of Plans for New, Modern Hospital Building

The Million dollar mark is at hand in the O'Connor Hospital building fund campaign, according to word received today from headquarters at the hospital. At the last report meeting held in Hotel Sainte Claire on Tuesday night a total of $955,327 had been reported as of that date. This sum has been contributed by 3108 business firms and individual donors. Next report meeting is to be held at 7 p.m. Friday night, March 5, at the Sainte Claire.

The Valley Brigade, made up of 14 committees operating in 17 communities and co-ordinated by Jerry O'Brien, moved up to third place with subscriptions totalling $17,820, subscribed by 383 donors. Brigade A, which has been holding the lead, is now in second place with a total of $33,231. This brigade is led by Victor Corsiglia.

Campbell, under the leadership of Joseph V. Gomes, has subscribed $2819 from 39 individial donors. This places the town in the third spot following Santa Clara, first with $3814 from 127 persons and Cupertino with pledges of $3505 from 79 donors.

Campaign headquarters particularly ask all committeemen to attend the Progress Report dinner at Hotel Sainte Claire on Friday night, and to bring complete reports with them.

Doubts River Plan Will Aid Local Orchards

Doubt that the American River Plan ever will become an effective source of water for Santa Clara Valley orchardists was expressed last night by G. Walter Hunt, engineer of the Water Conservation District here.

Addressing some 50 Campbell members of the Farm Bureau Wednesday in Campbell Grammar School Auditorium, Mr. Hunt said that in his opinion the plan would be too expensive to be feasible as a means of relieving the drought situation.

Instead, he urged increased efficiency in irrigation methods and

(Continued on Page 8)

Veterans Buy Surplus Military Buildings

Veterans have gone to Camp Beale, near Marysville, from as far as 350 miles to purchase surplus military buildings for use in constructing housing for their families, H. H. Jaqueth, chief of the Local Allocation Division of the State Department of Finance, said today.

The Local Allocation Division is conducting the sale of a large group of buildings at the Yuba County installation under the provisions of the State War Surplus

(Continued on Page 8)

Merit Badge Show Dates Announced

Campbell Boy Scouts will have a chance to display their merit badges early in April.

Plans are progressing for the second edition of the Boy Scout Merit Badge Show to be held in San Jose Civic Auditorium April 2 and 3.

The 1947 show attracted thousands of children and adults during the two-day performance. Hundreds of Scouts of the Santa Clara County Area Council displayed various Merit Badge subjects to admiring throngs.

The San Jose Junior Chamber of Commerce sponsors this county wide Scouting event.

William Hamilton, Youth Welfare Committee Chairman of the J.C., is serving as head man of the Merit Badge Show. Hamilton reports that the present sign-up of Scout Units planning to participate is bigger and better than last year.

Boy Scout Troops performing in 1947 have registered and new groups have added their numbers to the display roster. Cubs, Scouts and Senior Scouts have requested display space to date.

Rotarians Charter Dinner for Mar. 15

Campbell Rotary Club, one of the newest in the long list of world-wide Rotary groups had seven "outside" visitors at their Monday luncheon meeting in the I.O.O.F. hall.

When President Jim Arends called the meeting to order he had the privilege of greeting visiting Rotarians from Santa Clara, Los Gatos, San Jose and the Beverly-Burbank district, Sunnyvale and one eastern visitor from Quincy, Mass.

It was the largest regular meeting since the inception of the club. Every Campbell member attended to maintain the nearly 100 percent attendance record of the organization. President Jim told members of the plans to hold the Charter Dinner meeting at Fer-

(Continued on Page 8)

Red Cross Need Told Kiwanis

Need for American Red Cross blood banks and other disaster-relief work carried on by the organization was stressed at a Kiwanis Club luncheon here Tuesday.

Fred Jones Sr., co-chairman of the current Red Cross campaign in Campbell, introduced the manager of the San Jose chapter headquarters, who addressed the club.

Clarence Nelson, president, was awarded a pin in recognition of five years of perfect attendence.

Farm Bureau Officials Protest Power Ruling In Water Shortage

"Santa Clara County Farm Bureau officials see disaster ahead for farmers unless the Public Utilities Commission modifies its preliminary ruling," stated Lincoln Thorps, Coyote rancher and chairman of the Farm Bureau Power Committee, at the Farm Bureau Board of Directors meeting held Monday, March 1.

The Commission last week recommended a general reduction of 10 per cent in the use of electric power because the estimated water supply to generate it is going to fall short by that amount, according to information received from a P. G. & E. official. The period March 1 to December 31, 1947, may be used as a basis to establish this year's quota. A power customer could use his quota any time during the period, then his power supply would be shut off.

That reasoning does not take into consideration the position of the farmer. If this tentative ruling were adopted and enforced, the growers would suffer nearly complete loss of crops and trees, because:

1. Drought conditions have forced all farmers to supply a winter irrigation in addition to the normal spring, early summer and fall watering. Vegetable growers are now supplying a second or third watering to their plantings.

2. Underground water levels in

(Continued on Page 8)

All-Day Sessions in Prospect for Three Grammar Schools' Pupils

All-day school is just around the corner for pupils of Campbell, Moorpark and San Tomas Schools.

Since September they've been "taking turns" in classrooms of the crowded Campbell Grammar School at half-day sessions designed to accommodate more than 1760 youngsters of the three districts.

With the opening of Moorpark School due the week of March 15 and with San Tomas scheduled for occupancy soon after, grades from one through eight will return to a normal, full time day for both teachers and pupils.

Larger of the two new schools, Moorpark, on Moorpark avenue, west of the County Hospital, has eight classrooms. Its principal is Ben Mabie. The teachers, with the grades they now have and will continue to teach in the new building, are: Mrs. Dorothy Beatty, kindergarten; Mrs. Marjorie Kurle, Miss Marie MacDonald, and Mrs. Wilma Rowland, first grades; Mrs. Ione Larson and Mrs. Phyllis Pye, second grades; Miss Helen Prindiville, third; Mrs. Nadine Johns, third and fourth; Miss Beverly Smith, fourth; Mrs. Bernice Savaker, fifth; Mrs. Lavon Corbin, fifth and sixth; Mrs. Grace

Ripon Reports On Benefits Of Recent Incorporation There

Continuing The Campbell Press series of reports from neighboring cities of the Sixth class which have recently incorporated, is the following letter from Ripon.

As in the case of the City of Folsom, previously reported, continued low taxes, a balance in the bank and diversified local benefits are recorded since incorporation.

City of Ripon

Sir:

I have your letter of January 29th at hand concerning incorporation of Ripon. Please accept my apology for the tardy answer, however, the past month's business was extremely active and of course, some time was needed for compilation of figures for a clear picture. I shall attempt to answer your questions as you have asked them.

1 and 5. Population, based on Supervisors estimate, on November 27, 1945, was 1404. We estimate the present population is between 1850 and 2000. A special census is to be undertaken about March 15th.

2 and 6. Assessed valuation in 1945 was $776,000. This year's valuation is $1,475,000.

3 and 7. Tax rate set for fiscal 1946-47 was seventy cents and remains the same for the current fiscal year.

4. The county road tax of .10 was eliminated upon incorporation and the figure mentioned above assumed this place. This

(Continued on Page 8)

Tony's Busy Bees Scalp Maderis In Sparkling Basketball Game

In a heads-up sharply played game at the High School gym Tuesday night, Tony's Busy Bees jockeyed themselves into the enviable position of being the only team in the Campbell Basketball League to twice upset the classy and highly favored Maderis Food Center team.

The game was nip and tuck throughout, with the spectators on their feet at every shot. It was far and away the most interesting game of the season. Sontag got a pass in the last second and levelled to shoot just as the bell sounded ending the game with the score at 40 to 39 in favor of Tony's. His reflexes compelled the follow-through of the shot and the ball arched perfectly to and through the hoop. But the referee ruled that the bell had sounded a fraction of a second before the ball had actually left his hands. And so, instead of a 41 to 40 win, the Maderis boys had to again accept bitter defeat from their arch rivals. In the first half of the split season the Busy Bees had turned the trick in humbling Maderis for their only loss. With that defeat well in mind, Sontag, Carter and Company were primed for bear. But their best efforts brought only a second loss, as the "Vow" boys representing Tony's were out to maintain their superiority.

There wasn't any lack of get up and go on the part of the favored Maderis team. They played the game—every second of it, as though their very basketball lives depended on it. But Tony's quintet had that little extra something, sometimes whimsically called "the will to win." And of course the 17 points rung up by Wilson didn't do any harm either.

The box score:

MADERIS FOOD CENTER

	fg	ft	tp
P. Borg, F	2	3	7
K. Borg, F	5	4	14
A. Carter, C	0	0	0
Sontag, G	6	1	13
Tonachi, G	1	1	3
Livicitch, G	1	0	2
	14	9	39

TONY'S BUSY BEE

	fg	ft	tp
Gutto, F	0	0	0
Wilson, F	8	1	17
Del Grande, C	1	0	2
E. Gutto, G	1	0	2
Bachman, G	1	0	2
Breeden, G	3	0	6
Bagliere, F	4	3	11
	18	4	40

CAMPBELL HARDWARE WINS

In other games played on Tuesday night the scrappy Campbell Hardware team had to extend themselves to beat out a determined Strong's Painters quintet. Final score was 21 to 17 with Joe Novokovitch racking up 12 for the winners.

In the third game of the triple bill Levi Estrada sank 24 points to pace the Jones' Service team in a 59 to 36 win over the Clark Drug team.

All-Valley Basketball Selections

By DAN FILICE, Sports Editor Campus Echo

Varsity

First Team		Second Team
Marvin, Mt. View	F	Fernandez, Wash.
Dayton, Campbell	F	Picone, S. J. Tech
Wacholz, Santa Clara	C	Kruse, Live Oak
Fredericks, S. J. Tech	G	Wilson, Fremont
Wentworth, Santa Clara	G	Corsiglia, Campbell

50's

First Team		Second Team
Pinada, Santa Clara	F	DeVilbiss, Campbell
Henckene, Live Oak	F	Murata, Fremont
Chanez, Mt. View	C	Nunes, Santa Clara
Campbell, Fremont	G	Howley, Mt. View
Nose, Fremont	G	Hayes, Santa Clara

All-valley selections this year will be hard pickings for any sportswriter who has witnessed some of the action packed SCVAL contests played in the past few weeks. Potential all-valley candidates are too numerous to mention. I have chosen these players for their all-round ability on the hardwoods. No one can just take the ten top scorers in the league and place them on the all-valley squad. Each individual chosen represents character, ability and is outstanding in his own right.

On the first all-valley varsity team at one forward position is Hobart Marvin of Mountain View, who at the present time is fighting for top scoring honors. He recently had a 25 point game against Gilroy. At the other forward, our own Monte Dayton rates also as a scoring threat, and because of his all round ability, has been placed on the first team.

There is no outstanding center in the entire league but for his strength in helping Santa Clara hold onto first position in the SCVAL race Wacholz has been chosen.

By putting Jerry Fredericks at guard would remind many of putting the cart before the horse but because of his ball hawking ability and agileness he should rate a guard position. Fredericks is especially good at layups and nowdays guards are doing most of the "breaking in."

Russ Wentworth of Santa Clara has been picked at the other guard position. He is a main cog in the Panthers' attack along with Wacholz, and there is only a couple of points separating the two in league scoring.

The players on the second team at times could have made the first team, but the player who plays steady ball throughout the season rates tops.

The Fremont 130 squad at the present time is burning up the league and probably will continue to do so through the efforts of two brilliant guards in Henry Nose and Vernon Campbell, who are leading the league in scoring.

At one forward Johnny Pinada, of Santa Clara, will undoubtedly be picked on anyone's all-valley lightweight team. He is Santa Clara's leading scorer and best defensive man.

Many will remember Hencken of Live Oak, who dropped in two fielders in the last minute of play to edge our 30 squad. He has been leading an underdog Live Oak aggregation all season and has been placed on the first team.

Like the varsity clubs this year, there is no outstanding center. Chavez of Mountain View is one of the leading scorers of the league and drew the center berth on the recommendation of players. Each player on the second team is outstanding but does lack some quality which would designate his being on the number one team.

If one should want to name an "honorable mention" squad, boys like Bill Maginetti, Reg Gazay and Jim Beth should be mentioned, but so many players would have to be mentioned that it would be unfair to those who I would miss so I won't venture any further.

Good Hunting In California Says Editor

There's plenty of good hunting and fishing in the Golden State, and plenty of wilderness elbow room in which to enjoy it, according to Ormal I. Sprungman, well known outdoor writer and photographer.

That is the substance of his report on California which appears in the current issue of Sports Afield. This survey for sportsmen includes several pages of his photographs.

Sprungman has been camera editor of the national sports magazine for 14 years. His articles have run in many magazines and newspapers, and his photos have appeared in textbooks and on calendars as well as in numerous publications. He sold Life four pictures before the first issue was on the newsstands.

Graduated from the University of Minnesota in 1932, he continued the freelancing by which he paid his way through school. At one time Sprungman was writing five different columns under five different pen names for five different publications.

In the early '40s he spent three summers in the Canadian duck marshes shooting movies and stills from land, water and air for Ducks Unlimited. It was then he first met his wife, daughter of B. W. Cartwright, chief naturalist for D.U. In 1936 he covered Alaska and the Yukon with movie and still cameras.

Sprungman is president and managing editor of the Outdoor Photographers League, non-profit international organization of amateur and professional movie and still camera enthusiasts.

As a photo officer in the navy, he was stationed 16 months in Alaska. He was then ordered to San Diego, and liked it so much it is now home.

More than 650,000 copies of the "American Practical Navigator," only official United States reference on navigation, have been sold since its first edition in 1802. About 750 copies of the book, published by the Navy Hydrographic Office since 1866, are currently issued each month.

Water requires about five times as much heat to raise its temperature a given amount than does an equal weight of rock.

Veterans' News

The number of World War II veterans studying abroad under the G.I. Bill has increased almost 350 percent during the past year, according to the Veterans Administration.

At the beginning of the current year, 6,055 ex-servicemen and women were studying in 422 schools and colleges in 44 countries. At the same time last year, the total enrollment abroad was 1,307.

Almost half, or 2,741, of the present veteran-students are enrolled in educational institutions in the Philippine Islands. VA said the large enrollment there comprises mostly Filipinos who served in the U. S. armed forces during the war.

The next largest student group is in Canada where 883 veterans are enrolled. France ranks third with 635, followed by Mexico with 461, Switzerland with 427, and Great Britain with 356.

France recorded the largest increase during the year, with enrollments jumping from 3 to 635. Other countries recording major increases are Italy, from 2 to 116; Switzerland, from 32 to 427; Sweden, from 3 to 69; Great Britain, from 52 to 356; Mexico, from 63 to 461; Canada, from 330 to 883; and the Philippines, from 705 to 2,741.

Another 186 veterans living in foreign countries are taking correspondence courses under the G.I. Bill from schools in the United States.

Veterans are eligible for overseas study under the G.I. Bill on the same basis as in the United States. Those going abroad for study must arrange for their own passports, visas and transportation, VA said. All arrangements for such study are made with the Department of State which administers the foreign training benefits of the G. I. Bill.

* * *

Question: I lost last month's subsistence check before I was able to cash it at the bank. What should I do?

Answer: Go to your local Veterans Administration office and explain what has happened. The office will take necessary action either to recover or replace your check.

* * *

Question: I am negotiating to purchase a home under the G. I. Bill. The appraisal value of the property is lower than the purchase price. Will Veterans Administration guarantee my loan if I agree to pay the difference in cash?

Answer: No. Veterans Administration will not guarantee a loan on a home where the appraisal value is less than the purchase price. This provision of the law is for your protection.

The layer of gas that surrounds the earth is called the atmosphere.

There are 7083 islands and islets in the Philippine group.

Miss Goodell's Engagement Told

Mrs. Winifred H. Goodell is announcing the engagement of her daughter, Margaret Jean, to Newton James Wood, son of Mr. and Mrs. Ray Wood of this city.

Miss Goodell was graduated from high school in San Leandro and attended the University of California. During the war she was attached to the Woman's Marine Corps Band. She is attending San Jose State College at the present time.

Mr. Wood is employed by Food Machinery Company.

The couple will be married Friday, March 19, in the Campbell Congregational Church with Rev. Robert Carlson officiating.

They will make their home on San Tomas road.

Social and Club Notes

Netops Drill for March Ceremony

Netops Council Degree of Pocahontas met Friday night in I.O.O.F. Hall with Veda Folden at her station.

A card party was planned to be held in the near future.

Viola Conley resigned her station as trustee and Irene Hodges was appointed by unanimous vote.

The float in the Old Settler's Day parade was reported a success and those taking part were Bertha Hindle, Ella Whitaker, Vivian Johnson, Bill Hindle, Anamae Peraira. Driver of the float was Elmer Anderson.

Drill practice was set for March 11 in Los Gatos, and March 12 at the I.O.O.F. Hall as the team will exemplify the work at the School of Instruction in Santa Clara at Wanda Council on March 18.

Next meeting will begin promptly at 8:00 p.m. March 12.

* * *

ENTERTAINS CLUB

Mrs. G. Sonnichen was hostess in her Los Gatos home at a luncheon for Happy Hour Club.

Camellias and valentine decorations centered the table. Mrs. J. Souto presided at a brief business meeting.

* * *

Mrs. R. A. Spaulding of Los Angeles has been a guest in the home of her sister, Mrs. Guy E. Farley for the last two weeks.

Mrs. Spaulding returned to her home the first of the week.

Vows Spoken at Tabash, Brown Ceremony

An informal civil ceremony on Valentines Day in Judge Miller's offices in the Hall of Justice, San Jose, Calif., united in marriage Miss Josephine Tabash and Mr. Wesley Brown.

The former Miss Tabash is the daughter of Mr. and Mrs. Henry Tabash of Santa Clara. She attended school in Santa Clara.

The bridegroom is the son of Mr. and Mrs. N. W. Brown of Campbell. He is a graduate of Campbell High School, and is well known to the community.

For her wedding costume the bride chose a suit of pearl gray gabardine with chocolate brown accessories. She wore a corsage of gardenias. She was attended by her twin sister, Mrs. Kenneth Maderios of Santa Clara, who wore a silk print dress, white coat and black accessories. Her corsage was of gardenias.

Best man for the bridegroom was his brother-in-law, Robert Carney.

After a honeymoon spent in Carmel and Pacific Grove the newlyweds returned to establish their home at 1440 Douglas street, San Jose.

Mr. and Mrs. Brown were feted recently at two post-nuptial parties. The first a bridal shower was given in Campbell by the groom's mother and sister, Mrs. N. W. Brown and Mrs. R. W. Carney

The second party was a surprise housewarming given by the bride's brother-in-law and sister, Mr and Mrs. Kenneth Maderios, at the home of the newlyweds.

* * *

Miss McCoy Plans Spring Wedding

Mr. and Mrs. C. N. McCoy of Campbell are announcing betrothal of their daughter, Glennes G. to Richard Martin Beheau, son of Mr. and Mrs. A. L. Beheau of Santa Cruz.

The bride elect attended Notre Dame High School. Mr. Beheau attended Bellarmine College Prep. and served two years with the Navy. He is now operating his own business in Santa Cruz.

The couple plan an early Spring wedding and will make their home in Santa Cruz.

* * *

WSCS Will Meet On Thursday

Thursday, March 11, the general meeting of the Women's Society of Christian Service of the Methodist Church will convene in the church parlors.

Mrs. William J. Crockett, president, will preside at the business meeting called for 10:30 a.m. Mrs. N. A. Cowdery will present the afternoon program and Mrs. A. D. Rice will lead the devotions

Mary Lewis Circle with Mrs. R. E. Schaefle in charge, will serve noon luncheon.

* * *

MOORPARK PTA

Moorpark PTA will name a nominating committee at 2:30 p.m., March 9, when the association meets.

Report cards and records will be the theme of a discussion. Mothers of third grade pupils will be hostesses. Small children will be cared for in the kindergarten.

* * *

Mr. and Mrs. Chris Jensen returned home to Campbell Sunday after a week's vacation in Death Valley.

Teachers To Give Benefit Whist Party March 12

A whist party for the purpose of raising funds to furnish the teacher's room at the new Moorpark Grammar School will be given on Friday night, March 12, in the Campbell Grammar School cafeteria. The party is to be held at 8 p.m., and it is hoped to have a large attendance.

The new school is located on Moorpark road, west of the San Jose-Los Gatos highway and will be ready for occupancy within a few weeks.

* * *

Mr. and Mrs. Carl B. Fields, Jr., are the parents of a girl, Christie Ethel, born Saturday, February 28 in the Palo Alto Hospital.

Annual Spelling Bee Underway

The 21st annual National Spelling Bee gets underway immediately with all elementary school students here eligible to compete for the Western California championship, a free trip to Washington, D. C., and a $500 cash prize for the national champion.

All public and private school students through the eighth grade who will not reach the age of 16 prior to June 1 are eligible to compete for the Western California championship which is sponsored by The San Francisco News with the cooperation of the State Superintendent of Public Instruction.

School champions will be crowned by March 20, and district contests will be completed by March 27. The county finals will be held on or before April 10.

Champion spellers of 18 counties will win free trips to San Francisco and overnight hotel accommodations to compete for the Western California championship on April 24. The winner in San Francisco gets a free trip to the National Spelling Bee in Washington, D. C., where $2400 in cash prizes will be divided among contestants.

Counties included in the Western California Spelling Bee contest are Alameda, Contra Costa, Del Norte, Humboldt, Lake, Marin, Mendocino, Monterey, Napa, San Benito, San Francisco, San Luis Obispo, San Mateo, Santa Clara, Santa Cruz, Solano, Sonoma and Trinity.

Rules and complete details may be obtained by writing the Spelling Bee Department, The News, San Francisco.

California Cooks Favor Rice in Menu Planning

Rice is a magic ingredient when it comes to menu planning. You can serve it as a cereal for breakfast, as the main dish for luncheon or dinner, or as a dessert. Because of its own mildness, rice blends well with other flavors—sweet, sour, salt or spice.

White rice is the favorite for many uses because of its fluffy grains when cooked. However, brown and wild rice have their place in the menu and supply larger amounts of vitamins. Wild rice is especially popular among California cooks for serving with fowl.

To determine how much to cook, remember that 1 cup of raw rice makes 3 cups when cooked and serves 3 or 4 persons.

Consult the directions on the package to determine whether or not the rice should be washed. (Some brands of white rice have been treated to add vitamin B_1.) To wash, put the rice in a strainer and place the strainer over a bowl nearly full of cold water. Rub the rice between the hands, lift the strainer from the bowl and change water. Repeat the process 3 or 4 times, until the water is quite clear.

For steamed white rice, use 1 cup rice, 1 teaspoon salt and 2 cups boiling water. When the water again reaches boiling after the rice is added, cover the pan tightly, turn heat as low as possible and steam 20 to 25 minutes without lifting the cover. The rice should absorb the water and be light and fluffy. If rice is to be served in place of potatoes, use meat broth, consomme or bouillon for the liquid when steaming it.

FEATHERED RICE

Rice cooked with this recipe from the California Cook Book is quite unlike ordinary rice. It is light and fluffy and has a wonderful toasted flavor. Spread 1 cup dry white rice in a shallow pan, place it in a fairly hot oven (375° F. to 425° F.) and bake, stirring occasionally, until golden brown. Then wash the rice (if necessary), and put into a casserole with a tight-fitting cover, add 1½ teaspoons salt and 2½ cups boiling water. Bake covered for 20 minutes at 400° F., or 30 minutes at 350° F.

GENUINE SPANISH RICE

This recipe also is from the California Cook Book and is far from the usual Spanish rice. Just try it and you'll agree.

- 1 frying chicken
- ½ cup oil
- 1 cup uncooked rice
- 1 small onion, chopped
- 1 clove garlic, minced
- ¼ cup tomato puree
- 2½ cups boiling chicken broth
- Salt
- Pepper
- 2 cups peas (fresh or frozen)
- 2 pimientos, cut in strips

Cut chicken in pieces. Do not flour it, but fry in oil until delicately browned. Take up chicken, and to oil in frying pan add the unwashed, uncooked rice, and fry until golden brown, stirring frequently. Add onion, garlic, tomato puree (solid-pack canned tomatoes forced through a wire strainer), and boiling chicken broth. Season to taste, add the browned chicken, cover, and let simmer slowly 30 minutes without uncovering. About 10 minutes before serving time, cook the peas in a very little boiling salted water. When they are "crisp tender," add them and one of the pimientos, chopped, to the rice. Mix lightly and serve on a platter garnished with strips of pimiento. Serves 4 to 6.

Seniors Rehearse Modern Comedy They'll Present In March

Campbell High's senior play "June Mad" will be presented Thursday and Friday nights, March 18 and 19, in the Campbell High School auditorium.

This year's play is a modern comedy centering around a sudden crisis in a young girl's life. Penny, a typical tomboy, suddenly realizes that she is growing up, and Roger, a handsome young college boy with a "line" enters her life. Thus many complications arise.

There are 13 speaking parts in the play. The members as they have been cast are: Connie Tinsley as Penny Wood, Jim D'Avis as Chuck Harris, Margaret Hengstebeck as Mrs. Wood, Miles Dennis as Elmer Tuttle, Karl Achterman as Dr. Wood, Eileen Goodson as Effie, Jeanine Ledium as Milly Lou, Harold Ely as Mervyn Roberts, Harold Orcutt as Roger Van Vleck, Ray Thompson as Mr. Harris, Mary Jane Camilleri as Shirley Wentworth, Warren Vandivere as Ralph Wentworth, and Marian Page as Julie Harris.

Dean Chamberlin, drama teacher, is directing the play.

Garden Club To Elect

Campbell Garden Club, which met Wednesday afternoon in Country Woman's Clubhouse, will elect officers at an evening meeting March 17.

All members of the club are urged by Mrs. H. E. Peck, president, to be present.

* * *

CUP CAKE SALE

Another Cup Cake Sale will be held during noon hour Wednesday, March 10, in Campbell Grammar School under the auspices of the San Tomas PTA.

Mrs. Raymond Martin, chairman, promises that there will be enough to make every child happy this time. The cost per cake will be 5 cents. No orders for dozens will be accepted for this sale so that all the cakes will be for the children.

* * *

LEAGUE OFFICERS

Girls' League of Campbell Union High School elected Opal Turpin, president; Doris Whitaker, vice-president, and Maryann Lopina, secretary.

CAMP FIRE GIRLS

The R.A.S. Horizon Club, under the leadership of Miss Junice Benson, met last week at the home of their president, Gail Schrader. The evening was devoted to making gowns for the State Crippled Childrens Home at Redwood City. The girls plan to take the completed gowns to the Home and make a tour of the institution. This group has added to their other service projects the collection of magazines for the County Juvenile Detention Home.

SON ARRIVES

Mr. and Mrs. Charles Irving Kankel, Harrison avenue, are the parents of a son, David Charles, who was born Feb. 24 in San Jose Community Service Hospital.

Mrs. Kankel and the baby boy came home from the hospital Sunday.

PTA To Elect At Wednesday Afternoon Session

Election of officers will be held at the Wednesday, March 10, meeting of the high school PTA.

A student panel will speak on "Place of Our School in Growth of Citizenship." Students participating will be: Linda Finch, Warren Whitmore, Reg Gazay, Jasper Ciraulo. Miss Muriel Carson will be chairman of the day.

Music will be furnished by high school students.

Meeting time is 2:30 in the Buc's Cove. Guests will be the Almaden Unit and sophomore mothers will be hostesses.

The executive board will meet at 1:30 in Principal L. Hill's office.

* * *

HOUSE GUESTS

Mr. and Mrs. Galen Thompson, Mr. and Mrs. Wayne Thompson and son, Wayne Paul of Sharon, Pennsylvania, are house guests of the Nelson Cowdry's on North Second Street.

The Thompsons expect to make their home in this locality.

* * *

ATTEND LUNCHEON

Members of the Campbell Garden Club were guests of the Santa Clara County Flower Lovers Club at a luncheon held recently in San Jose.

Guest members included Mrs. H. E. Peck, Mrs. Ethan Lanphear, Mrs. J. H. Harder and Mrs. Raymond Lewis.

Country Women Slate Dinner For March 15

St. Patrick's decorations and festivities are in prospect for members of Country Woman's Club for March 15.

That's the annual men's night meeting and will begin with a dinner at 6:30 p.m. Entertainment and dancing are on the after-dinner program.

All reservations must be in by March 10 and the committee is urging members to reserve places as early as possible.

Arranging the affair are: Mrs. D. W. Ribble, Mrs. L. J. Benson, Mrs. L. E. Hendricks, Mrs. James Gleed, Mrs. E. A. Fahler, Mrs. R. E. Schaefle, Mrs. Donald Page, Mrs. Roy Stoner, Mrs. Rex Saunders, Mrs. C. A. Bradley, Mrs. Harold Peck and Mrs. Florence Cottle.

Country Woman's Club held its regular meeting Monday, March 1, with Mrs. Ira H. Grim presiding. A program was presented after the business session as follows: Claire Booker, violin solos, accompanist, Nelda Parker; piano solos, Nelda Parker; "Peace of Today," Rev. Robert L. Carson.

Members in charge of the program were Mrs. C. E. Fagalde, Mrs. E. E. Booker, Mrs. Ralph Herring, Mrs. A. D. Rice and Mrs. Lavina Grattan.

Capt. Wm. A. Richardson was the first harbormaster at San Francisco, being appointed in 1837.

Girls Ask Boys For Dates to Leap Year Dance

High school girls have asked the boys for dates this Friday night to attend a Leap Year dance in the school.

Dot Kamuf, Sue Vader, Sue Stuckey, Norman Simpson, Allen Hanson and Toni Sandoval are committeeing the affair. Miss Muriel Carson is advisor. Elden Sylva's band will play.

* * *

FRIENDLY CIRCLE

Friendly circle of the Congregational Church will meet at 8 Tuesday evening in Mrs. R. W. Atkinson's home, Los Gatos-Santa Clara road.

Plans for a bazaar to be held in the fall and other projects for the year will be discussed.

* * *

TO SPEAK OVER KSJO

Jeanette Gomes is scheduled to speak over radio station KSJO today to explain the work of the Junior Red Cross of which she is a director.

Salinas Chamber Votes for Daylight Saving Time

"We're for daylight saving as a means of meeting the power emergency," Garth V. Lacey, president of the Salinas Chamber of Commerce told Governor Earl Warren following a meeting of the Chamber's Board of Directors.

Lacey in his letter to Governor Warren reported that Agriculture, because of lack of rainfall, is pumping as much right now as they would normally during the summer peak, and stated "If by cooperation we can eliminate more rigid restrictions that would cause hardships and injustices we ought to do so — daylight saving will save power, let's adopt it immediately."

Lacey is contacting other organizations including Chambers of Commerce and farm bureaus hoping that unanimous support will be forthcoming.

Governor Warren was assured by Lacey "that agriculture, industry and our citizens generally are cooperating on the power conservation program."

FACTS ABOUT POWER CURTAILMENT

A STATEMENT BY P. G. AND E.

California, particularly in the central and southern areas served by the Company, is faced with a drought of unprecedented proportions. In the Bakersfield area, for example, rainfall this season has been less than 20 per cent of normal. Most of this season's scant precipitation in the watersheds of California came last fall and what remains in the mountains in the form of snow is only about half of what it was in 1931, the driest year of record.

The drought has had the double effect of drastically reducing the amount of water power available and at the same time creating a large and completely unprecedented irrigation pumping demand. It is estimated that this pumping demand exceeds normal by at least 250,000 horsepower. This is equivalent to the combined power demand of the cities of Sacramento, Stockton, Fresno, Merced, San Jose and Berkeley.

Power Saved Is Water Saved

In order to conserve water, we ran our steam electric generating plants at full capacity all last year. By doing this we were able to effect a carry-over of about 50 per cent of our storage capacity—well over the normal carry-over. Unseasonable pumping demands have made heavy inroads on that storage, and power curtailment has become necessary to prevent further depletion of stored water.

The City of San Francisco and other electric producing agencies face similarly severe drought problems. The City of San Francisco already has found it necessary to reduce its power output to conserve water.

War Delays Expansion

This winter's drought occurs at a time when the Company's power reserves are at a minimum. Wartime restrictions on construction, shortages of materials and the prolonged postwar strikes greatly delayed the delivery of new generating equipment.

When the war started, the Company had on order two large steam electric generators which were to commence operation in 1944. Work on these generators was stopped in 1941 for the duration of the war by order of the War Production Board. Promptly after wartime restrictions were ended the Company restored the orders for these war-delayed generators and followed this with orders for a number of additional hydro and steam electric plants.

New Generating Plants Due

We have just received the first steam electric generator reordered in 1945. This new 100,000-horsepower unit is now being installed in our Kern plant near Bakersfield. We expect to place it in operation in April. We will also add 125,000 horsepower in the new Electra and West Point plants on the Mokelumne River this year, and 300,000 additional horsepower at Station "P" in San Francisco. In all, 525,000 horsepower of new generating capacity will be installed in the next twelve months on the P. G. and E. System.

Delay experienced by the Bureau of Reclamation in installing the first two additional generators at Shasta Dam has further aggravated the situation. These units of 100,000 horsepower each were installed during the war at Grand Coulee Dam. In early 1946 they were moved to Shasta Dam. They were scheduled to commence operation in the summer of 1947 before any other new plants could be constructed in the area in the postwar period. This schedule was not met. The first of these generators is only now about ready for operation and the second is expected to be ready in three months.

Construction Program

The Company has had underway for over two years a huge construction program to bring 1,400,000 horsepower of new generating capacity to the area. We are doing everything possible to speed that program. In 1945, the last war year, we spent $22,526,000 on new construction. In 1946 we spent $45,000,000. In 1947 we spent over $100,000,000. At the present time our construction expenditures exceed 10 million dollars a month.

During the next 12 months alone our construction plus the additions at Shasta will aggregate more than 725,000 new horsepower.

Hope for Rain Diminishes

The power situation will remain critical until these additions are completed unless relief comes through a protracted period of heavy rainfall in the valleys and a deep snowpack in the mountains. Hope for such relief diminishes each day. The drought emergency and the public interest require the fullest cooperation with the power curtailment orders of the California Public Utilities Commission. Moderate curtailment now may well forestall more drastic curtailment later.

Power producing agencies are cooperating in a regional power pool to make the most of available resources. The public can be assured that we have done and will continue to do everything possible to meet the emergency and to keep curtailment at a minimum. The Company is appreciative of the cooperation it is receiving from the public.

Cover Crops Are Using Up Water

Cover crops in orchards may be a liability rather than an asset at this time because they are using up precious moisture in this dry season. M. S. Beckley, assistant Farm Advisor, says moisture should be conserved for the trees by turning the cover crop under at once. Some growers have already done this.

Beckley says the cover crop in an orchard could use up enough moisture in a month now to support the orchard for one month of its growing season.

Two chief purposes of cover crops are to provide green manure and prevent erosion. Green manure is useful for long-time soil improvement. Missing part of a season is of small importance. Erosion can be prevented by a "trashy tillage" that will leave some of the cover crop in the surface.

GRANGE TO HEAR TRAVEL TALK MARCH 9

The lecturer of Orchard City Grange announces a very interesting travelogue by Mrs. Clara Huber Brass, recently returned from Germany, for her program at the next meeting March 9. Don't forget Pomona meeting on March 6 at 2:30 p.m. at Coyote Grange Hall.

Orchard City Grange News

February 24 the Orchard City Grange meeting was given over to the lecturer, Mrs. N. Rutherford, who, as a birthday celebration, presented the Grange with an oustanding inspirational, educational and recreational program.

First, a most interesting color film entitled "California Centenial," a very forcefully presented address on George Washington, by Prof. Tete Lindsay and then songs by David F. Rutherford who was accompanied on the piano by Mrs. Virginia Rutherford were given.

Bro. Carl Rizer, district deputy, and his wife, and visitors from Almaden, San Jose, Gilroy, Turlock and Coyote Granges attended the meeting.

Brother Shattuck, who had been unable to be present at the installation ceremonies in Sunnyvale, was officially installed as Overseer by Brother Rizer. Brother Walsh reported that taxes will go up in Campbell as every where else.

After the meeting refreshments were served in the banquet hall. Everyone had a generous piece of birthday cake with a candle in a setting of beautiful decorations. Several other members celebrated their birthday this month. Mervin S. was one of them and was asked for a speech. He responded by giving a long list of names of great persons born in February such as Lincoln, Washington, M. S. Keesline, Edgar Bergen, etc. Being short of days, the good Lord gave us an extra day every fourth year and that day was born Woman and among them our lecturer. A general good time was enjoyed. Some even forgot their password. An original poem by Mrs. Clara Baldwin was read from a card sent to the lecturer in the name of The Grange. The poem follows:

BIRTHDAY GREETINGS

We meet tonight to do honor
To one whom we love and revere,
Hail to our worthy Lecturer,
Whose birthday is very near.

Her life is an inspiration,
To all who hold her dear,
The old world is a better place,
Because she has been here.

In the book of life, God's Album,
Now a fresh, fair page is ope,
May no blot of sadness darken
Its lines of love and hope.

May the many future pages,
E're to the very last,
Record a peaceful happy life,
Each better than the past.

Happy Birthday, dear sister,
Is what we all would say,
We hope to have you with us,
Forever and a day!

To Mrs. Rutherford from Clara Baldwin.

Growers Study Stabilizing Agreements

The apricot section of the California Farm Bureau Federation held its first 1948 meeting in the offices of the Farm Bureau in Berkeley, Tuesday, February 24. The delegates present re-elected Mr. Ray Klopping, Patterson, for the third time, as chairman of the apricot section and Frank J. Polak of Morgan Hill, as vice-chairman.

Growers present instructed the officers to encourage county Farm Bureau apricot sections to test out members regarding marketing agreements for canning and dried apricots. These marketing agreements are to assist in stabilizing the industry. They would give producers and processors equal representation on the advisory board for controlling quality, third party inspection on canning apricots, in and out door inspection of dried apricots. It would set up surplus pool, substandard pool, trade promotion, research and prevent culls from going into the regular channels of trade.

Growers present were very enthusiastic regarding these programs and feel that apricot grower members will favor such programs.

Frank J. Polak, chairman of the Santa Clara County Farm Bureau Apricot Section and vice-chairman of the statewide apricot section announced that in the very near future center apricot chairman will hold meetings in their respective center to explain these programs and to seek out their opinions.

Members attending the meeting from Santa Clara County were Chairman Frank J. Polak; Apricot Center Chairman, Truman Baldwin, Gilroy; Dominic Ribisi, of the eastside center; County Apricot Section Secretary Phil Lupertino, Sunnyvale; President Charles J. Cali, and John Breeman of the Eastside Farm Bureau Center, as well as Arthur A. Toste, executive secretary.

Naval Air Transport Service officials estimate that NATS transports Navy men for two-thirds of the cost the Navy would have to pay for commercial transportation for the same men.

Districts Reject Federal Contract

The Federal Bureau of Reclamation's drive to sign up California irigation districts to contracts for delivery of Central Valley Project water has run into its first major set-back, it was revealed today.

Directors of the Orange Cove Irrigation District, which embraces 27,300 acres of rich citrus and truck crop lands in the foothills of Tulare County southeast of Fresno, have rejected the contract offered by the federal agency because of what it terms to be objectionable features.

Le Roy McCormick, Visalia, attorney for the district, said the proposed contract was unacceptable for a number of reasons. These included its failure to confer upon the district permanent water rights to water to be supplied by the Bureau, insufficient guarantee of water to be delivered, and a provision limiting farmers to use of water to 160 acres of their holdings.

The contract provided for construction by the federal bureau of a local water distribution system at a cost of $5,341,025, to be paid off by the district over a period of 40 years. It provided no guarantee of renewal at expiration of the original 40-year period, it was pointed out.

Grafting Demonstration

A peach grafting demonstration will be held by L. C. Barnard, farm advisor of the Agricultural Extension Service, on the Ray Col property, Box 163, Hostetter road, San Jose on Thursday, March 11, at 10:00 a.m.

To reach this demonstration go out Santa Clara street to King road and turn north. Continue on King road to Berryessa road, and turn right to Flickinger road, turn left on Flickinger road and go to the end, which is Hostetter road.

Latest Navy patrol bomber, land-based, incorporates reciprocating and jet engines. Each of two wing nacelles, one on each side of the fuselage, has an opening in front for propeller power and a small slit in the rear for jet exhaust.

Testing carrier aircraft and V-bombs together, the Navy hopes to adapt rocket warfare for surface vessels. First firing was with a captured German V-2 from the deck of USS Midway at sea.

Campbell Court Notes

By Judge Blaine

Dad Lee reports for Campbell Billiards, better known as "The Pool Hall," that under Walter Lamb's management there is no foolishness. Certainly in the several months Mr. Lamb has been in charge there have been no pool hall arrests.

Johnny's Place, an old trouble spot, is temporarily closed. The place has lost its old liquor license Feb. 2 because of its old bad reputation. Mr. Cobb, the present new manager, hopes for a beer license eventually, and he would like to operate a pool-and-card room—a request that has been denied so far.

Mrs. Lucas, the owner, the former Mrs. Miranda, says that she wants no more of the old goings on. It appears certain that there will be no renewal of the dancing.

Trouble with the dancing, our scouts say, was that wives deliberately made their husbands jealous. The women wanted to be fought over. It made the women feel important. What can you do to remedy a situation like that—except discontinue the dancing?

The last arrest at Johnny's Place was an odd one. A youngish woman called on the judge one evening and declared that a patron of Johnny's Place had kicked her in the stomach. She put her hand on what boxers call the "solar plexis." The judge agreed that that was no way to treat a lady, and issued a warrant for battery.

Next morning, early, the complainant requested that charge be withdrawn, but defendant had already been arrested and released on bail. In court two days later he explained all. The lady had asked him to buy her a drink. He had refused. And wouldn't that be like a kick in the solar plexis? Figuratively, if not literally, the lady was right.

The gentleman was happy to get off so easily.

Maderis To Meet Chinese Team In Exhibition

The league-leading Earl's Mens' Wear team, an all-Chinese aggregation in the Watsonville City League will play the strong Maderis Food Center basketball quintet in an exhibition game at the high school gym here on Tuesday night, March 9. In a preliminary to this game the Campbell High School varsity will tangle with the Campbell Hardware sharp-shooters.

The all-Chinese team from Watsonville is said to be one of the finest outfits playing in commercial leagues anywhere in this vicinity. The local Maderis outfit has always proven themselves "tops" in the Campbell and San Jose area. There is no admission charge, and if you're at all interested in basketball here's a chance to spend an interesting evening.

Junior Grand National Plans In High Gear

With less than a month to go before show time, preparations went into high gear today for the Grand National Junior Livestock Exposition and Arena Pageant which will roar into San Francisco's Cow Palace March 20 for a six-day run.

A thousand 4-H Club members and Future Farmers of America from all over the West will trail 2,500 head of beef and dairy cattle, sheep and swine into the huge Cow Palace for the Exposition. Six days of exhibition, judging, auction sales, contests, and another arena show similar to the one in 1947 which was the box-office sensation of the entertainment world, make up this Western classic of youth.

Latest feature to be added to the program, the California Sheep Dog Trials, was announced today by Prof. Robert F. Miller, of the University of California at Davis. Prof. Miller confirmed choice of the Junior Grand National again as the scene of this spectacular annual event which will be held Saturday afternoon, March 20, first day of the exposition.

Thousands of Pacific Coast dog fanciers and sheep ranchers will converge on San Francisco for this event alone. It is the annual competition among some of the most valuable working dogs in the world and is held under the auspices of the California Sheep Dog Society, of which Prof. Miller is secretary.

In addition, it was announced that J. S. Palmer of Dixon, would again put his two famous border collies, "Tweed" and "Nell" through their amazing performance as one of the acts in the Junior Grand National Arena Pageant. Both dogs are former Far Eastern champions and Tweed was the canine star of the motion picture, "Bob, Son of Battle." Working alone, each will gather bands of wild range sheep, separate them, and put them through intricate mazes of gates and barriers and into pens.

In pre-flight estimates of the time required for the flight from San Francisco to Honolulu, an overwater distance of 2,420 miles, Naval Air Transport Service navigators have achieved an average of only six minutes error.

Navy airfield crash and fire-fighting crews are being trained in tactics designed to complete the rescue of all passengers and crew from a crashed or burning airplane within two minutes after the accident.

Hengstebeck, Winston, Brown, Takata Elected To Serve as Class Presidents

Voting day at Campbell Union High School recently resulted in the naming of officers for the four classes as the frosh, sophomores, juniors and seniors cast their ballots.

Taking over the important position of president of the senior class will be Margaret Hengstebeck. Newly elected vice-president is James D'Avis with Anita Simmons as secretary. Louis Korotaj will remain in the office of business manager.

Don Winston will preside as president over the junior class. After a revote, Dan Hill was elected vice-president; Jean Smith, secretary, and Richard Abinante, treasurer.

Abel Brown was elected president of the sophomore class. Don Morley is the new vice-president and Peggy Hall will act as secretary. Treasurer of the sophomore class is Jessie Holt and Johnny Aspeci will keep order as sergeant-at-arms.

The freshman class chose Tom Takata as class president. Melvin Miranda will act as vice-president and Linda Gilbert will take over the office of secretary. Treasurer is Pauline Cleveland.

It is estimated the relief map of California in San Francisco's Ferry Building cost in excess of $100,000.

In one wartime year, Navy food supplies cost $500,000,000, yet the per capita per day cost of feeding Navy men was only 34 cents.

Noted Artist Succumbs

Funeral services for Clark Hobart, noted California painter, were held in Campbell Feb. 25.

The artist died at Napa Feb. 23 at the age of 76. He lived on White Oaks road here for some years prior to his death. A number of his paintings were hung in the Bohemian Club, San Francisco, and were exhibited from time to time by famous San Franciscan art dealers.

He was the husband of the late Mary Hobart and uncle of Mrs. Carolyn Threkeld of Berkeley. He was the brother-in-law of Mrs. Leila Petch, Berkeley, Dr. Chester I. Young, San Francisco and Dr. Franklin Young, Elmer C. Young of Sacramento and B. N. Young of Campbell.

Funeral services and interment at Los Gatos cemetery were under the direction of Rutherford Funeral Home.

Do your bit to save some wheat
Take our tip on what to eat
It's oatmeal cookies every time
For a snack that is really fine.

THE WINCHESTER-CAMPBELL MERCHANTS "GET ACQUAINTED" CONTEST ENDS THIS WEEK.

All Names Must Be Submitted by Tuesday, March 9

NO BOX TOPS TO SEND IN

"GET ACQUAINTED" CONTEST There is absolutely no obligation to buy anything; this name contest is purely a "Get Acquainted" offer. It is sponsored by all the merchants and business people in the Winchester-Campbell area. All you do is suggest a name you think would be appropriate to describe this important new shopping district. Write your suggestion on the blank at the right, on this page, then either mail or personally take it in to ANY of the business people whose names appear at the bottom of this page. The lucky winner will be chosen Tuesday, March 9th, by a committee of impartial judges.

The winner will receive a Merchandise Bond valued at $50.00. The bond may be spent all at one time in one store, or it may be used a dollar at a time and purchases made in as many of the sponsoring stores as the winner desires.

GET YOUR NAME ENTRY IN NOW! CONTEST CLOSES TUESDAY, MARCH 9. WINNER'S NAME WILL BE ANNOUNCED IN THE PRESS THURSDAY, MAR. 11th

NO STRINGS TO THIS OFFER

Veterans Buy

(Continued from Page 1)

Housing Program. The structures, of which approximately 200 remain available, may be purchased either by veterans for their own housing needs or by farmers and farm groups for housing of farm labor.

Sharing the title of champion long distance purchaser are Louis G. Montemayer and Sixto M. Vasquez, both of Arvin, Kern County, which is exactly 357 miles from the Camp Beale sale site. Both are razing their surplus buildings and hauling the material to Arvin, and both plan to build their new homes themselves.

Montemayer's present "housing" consists of a tent occupied by his wife, his mother, a brother and himself, while Vasquez and his family are living in a small rented house.

Two veterans from Tulare County made the next longest trips to participate in the State sale—H. B. Wingfield, coming 299 miles from Porterville, and Donald Jost, 255 miles from Dinuba. Wingfield and his family are building their new home to get out of a basement apartment, while Jost has notice to vacate his present rented house by June 1, 1948.

From Monterey, 247 miles from Camp Beale, came Thomas W. Dickerson, whose address in Company B, 8th Infantry, Fort Ord. He plans to use his surplus building for construction of a home for his wife and child in the coastal city.

Veterans interested in purchasing buildings and who have not previously been certified as eligible should apply for eligibility at the nearest county veterans' service office or community service center, taking with them a certified or photographic copy of discharge from the service.

Farmers should contact their county farm adviser or Farm Bureau office to submit applications for eligibility.

Among the various types of structures remaining available at Beale are several one-story recreation and storeroom buildings, 25 by 120 feet, priced at 1300, plus state sales tax. These buildings are capable of supplying the basic lumber and considerable other material and equipment for construction of at least two normal size, five-room houses, and may be purchased jointly by two or more veterans or farmers.

All-Day Sessions

(Continued from Page 1)

Fairbanks, sixth. Otis Stickland is the custodian.

San Tomas School is about half a mile west of the new Valley Homes tract, at the intersection of two new avenues, Allandale and Abbott. Principal is William Shuey and the teachers are Mrs. Josephine Decker, kindergarten; Mrs. Anna Mae Miller and Miss Margaret Enas, first grades; Mrs. Helen Foley, second; Mrs. Anna Marie Schafer, second and third; Mrs. Leora Emig, third; Miss Laura Blaine, fourth; Miss Ruth Metzker, fifth and Mrs. Verle Houghtaling, sixth.

ANNIVERSARY DINNER

Mr. and Mrs. Frank Accardi entertained at a dinner for 16 Sunday evening in celebration of their twenty-fifth wedding anniversary.

In one wartime year, Navy food supplies for men included 800,000,000 pounds of meat; 1,400,000,000 pounds of vegetables; 500,000,000 pounds of fruit; 400,000,000 pounds of biscuits, flour and bread; and 70,000,000 dozens of eggs.

River Plan

(Continued from Page 1)

conservation of all possible moisture already available.

Santa Clara Valley orchards could draw on the added water only in the winter, he said. Fresh water diverted from the river across the Bay would have to be lifted 400 feet over the hills before it could be used in irrigation here, he pointed out.

"The Northwest Farm Bureau Center Membership is fully aware of the present crisis of water and power shortage, and is going to do something about it," announced John J. Vidis, center chairman.

At its regular monthly meeting on Tuesday, March 9, in Freemont School, Sunnyvale, Hunt is going to discuss the effects of the drought on water levels of the district and again explore possibilities of the American River Plan as a partial answer to this valley's water needs.

In line with Mr. Hunt's recommendations for needed conservation of water, Mr. George D. Worswick, assistant farm advisor from the Agricultural Extension Service staff, will discuss timing of irrigations to obtain the maximum benefits from the applied moisture. The advisor will also outline the most economical ways of applying the greatest amount of effective water with the least possible amount of loss in this crisis of water and power shortage.

Commodity reports will be made by the various leaders on movement of products and future outlook of both crops and markets.

Nominations will be open for all offices in the Center, and candidates will be sought to supplement the present list of those selected by the nominating committee. Top offices will be elected by the mail ballot. Center executive committee and commodity chairmen will be elected from the floor at the next regular meeting.

Refreshments will be served.

Red Cross Drive

(Continued from Page 1)

ago, although the chapter quota has been increased to $107,000, which is $3,000 more than last year.

Campaign headquarters have been established in the Water Company office. Material for the solicitation workers may be picked up there or at the service station of Chairman Jones, Campbell avenue and Winchester road.

Alistair R. Anderson, manager of San Jose Chapter, addressed the Campbell committee workers at the kick-off meeting. He reviewed the chapter area services of the past year and the program for 1948.

"Our expanded blood bank program, operated jointly by the Red Cross and the County Medical Society, is particularly vital to all residents of this community," Anderson declared. "With the financial help of National Red Cross, we now can be sure that an adequate supply of free blood will be available for all persons who need it. This is the greatest peacetime project ever operated by Red Cross and one that will yield rich benefits in the saving of lives and improvement of general health."

Anderson also stressed the service of Red Cross in disasters, large and small, and particularly in the past year in one-family disasters, such as fires. He further told of the many services to war veterans, services not duplicated by any other agency, and of the life-saving programs of First Aid, Water Safety and Accident Prevention.

Campbell Water

(Continued from Page 1)

tween 400 and 500 cubic feet per month.

Ten cents for those using between 500 and 600 cubic feet per month.

Fifteen cents for those using between 600 and 700 cubic feet per month.

Twenty cents for those using more than 700 cubic feet per month.

This proposed increase is extremely modest when contrasted with the sharp increases in all other commodity prices, and we feel that there will be no actual hardship imposed on any user."

It was further explained that the new rates will go into effect only if approved by the Public Utilities Commission after a public hearing in Campbell on the company's application.

SIGNS OF THE TIMES

By HARRY BLANCHARD

It is a matter of conjecture as to whether or not the citizens of Campbell wish to incorporate their community. The Santa Clara County Board of Supervisors, after a public hearing on the matter several months ago, established boundary lines which were acceptable to all parties of the issue. At least they seemed to be acceptable to the opponents of incorporation. A great many people have expressed the opinion that the middle line of the Los Gatos Creek did not seem to be a very sensible place to mark the eastern boundary of a coming city of many thousands of people, but that is where the line is, and presumably will stay.

To refresh the memory of "old timers," and inform newcomers, the matter of incorporation has been a long drawn-out one for campbell. The subject came up in 1906 and the vote at that time was:

For incorporation—45. Against incorporation 86.

In an editorial in the Press at that time, the writer said, "The incorporation election last Saturday proved a surprise in more ways than one. One surprise was the large anti-incorporation vote and another and more significant surprise was the fact that men's word of honor in a large number of cases didn't amount to much. The election was the most lively one the town has ever experienced. Nearly all the voters were out to vote—there being 137 votes cast. The main opposition to the movement centered on the increased tax question. The vote for J. C. Ainsley and Dr. A. B. Townsend was a vote to hold taxes down in case we incorporated—which was perfectly proper."

"The vote shows that our people are not quite educated up to the matter of incorporation and the question will have to wait a while—until the matter of a little extra tax won't blind the people to their own best interests."

Those are the words, and the sentiments of the 1906 editor of this paper. We trust we do not have to speak in the same vein in our first paper after the twenty fifth day of May, 1948, when the matter again comes up before the people for vote. There should be no question in the minds of Campbell citizens as to the benefits to be derived from incorporating their community. How much of your tax money is now being put back into your town? Very, Very, little, my friends.

x x x

It is an encouraging sight to see the front of the old bank building on the corner of Central and Harrison avenues being remodeled. Dobie Jeffers is having the building remodelled to install his new men's furnishings store in the location. While we think it would have made an ideal bank site . . . even as it did in the old days, the banking powers that be held otherwise. But it will be a distinct asset to the town's appearance to have the building remodelled and occupied. It was a ghostly sight for many months . . . and now some cheer will come to the corner.

x x x

Don't forget to register, if you have not yet done so. You may do so at either Farley's Real Estate Office or Clark's Drug Store. Election is on May 25, and you must be registered at least 40 days in advance of that date.

Ripon Reports

(Continued from Page 1)

pays for police, street, water, judicial and city clerk's departments.

8. We shall give you a breakdown:

County Tax rate proper	$1.6589
Grammar School	1.1500
High School	1.0422
Lighting District	.0947
Fire District	.1711
Sanitary District (Part of city)	.2313
Total (exclusive of city)	$4.4382

9. As of June 30, 1947, when submitting the annual fiscal report to the State Controller our net income was $32,249.77 and total expenses of all departments were $25,172.66 which leaves a balance in our treasury of $7,077.11.

10. Of the $4,700 collected in business licenses the last fiscal year about $1,500 was from businesses without the city. We collected on the flat rate of $16 per business.

If we can be of further assistance, do not hesitate to call upon us. We assure you of a more prompt reply next time.

Incidentally, you may be interested in knowing that our city attorney, Robert N. Blewett of Stockton, is an expert on spade work that is so essential for properly incorporating a community. He did splendid work for us and remains our city attorney. He has just finished incorporating Brentwood and, for the present, stays on as their city attorney. I can assure you that he would be happy to be of any assistance you deem necessary. We know this, that he thoroughly knows municipal law with its many ramifications.

We wish to you, your co-worker in this effort, and your entire community much success in this forward step and look forward to seeking you out at an early convention of the League of California Cities — the organization which looks out for our interests in Sacramento and gives us much sage advice.

Very truly yours,
LANIER S. BRADY,
City Clerk.

Rotarians Charter

County of Santa Clara)

On this 18th day of February A. D. 1948, before me, MARTIN S. WALSH, a Notary Public in and for said County and State, residing therein, duly commissioned and sworn, personally appeared FRANK COOMBS and DEL COOMBS known to me to be the persons whose names are subscribed to the within Instrument, and acknowledged to me that they executed the same.

(SEAL)

In witness whereof, I have hereunto set my hand and affixed my official seal the day and year in this Certificate first above written.

MARTIN S. WALSH,
Notary Public in and for said County and State of California.

My commission expires October 18, 1949.

Protest Ruling

(Continued from Page 1)

Santa Clara County have fallen an average of 26-30 feet, as compared with February of last year, a 30-35 per cent drop, according to figures supplied by the Santa Clara County Water Conservation District office. This lower water level makes necessary a longer pumping operation to supply the same amount of water on the soil, as compared with last year.

3. Reduction of electrical frequency and voltage has reduced efficiency of the average pump by about 4 per cent.

4. Average age of Santa Clara County pumps is conservatively estimated at 10 years. (Improvements and replacements have been slow on account of material shortages). This condition reduces average efficiency by another 15 per cent, more or less.

Thorpe said, in summing the conditions outlined above, "Agriculture is faced with the sad realization that this year pumping plants must operate nearly twice as long as last year to supply adequate moisture needs."

The following suggestions should be seriously considered:

1. Industries with some backlog of production can reduce operations by one day a week, to conserve power.

2. Reduction of water pressure in cities where water is pumped will contribute to conservation of both water and power.

3. In all areas served by the P. G. & E., and its subsidiaries, reductions of all lighting to the barest essentials would conserve the greatest amount of power.

4. P. G. & E. must make every effort to bring additional power into the stricken area from Oregon and Southern California lines, including all other possible sources of an auxiliary nature, such as from idle ships, idle stand-by generating plants, etc.

Mr. Thorpe and Field Secretary Anthony Iantosca will represent the Santa Clara County Farm Bureau at a formal hearing held by the Public Utilities Commission Thursday, March 4, in Fresno. Attending this meeting also, will be Edson Abel, assistant director of the utilities department of the California Farm Bureau Federation. Mr. Abel is scheduled to report on agriculture's viewpoint regarding the Commission's ruling.

BUZZ BOMB IN YOUR HOME?

If your radio's voice resembles the buzzes and hums you might expect from a buzz bomb, it's a sure sign that all is not well within your set! Let us restore the rich melodic tones it had when you first bought it. But don't delay! Call us today —we use only the highest quality replacement parts and genuine RCA Electron Tubes.
